YOUR COMFORT EXPERIENCE

Con la Modular Collection Calia Italia inaugura una nuova concezione dell'interior design: "lo spazio diventa tuo". Il divano è un oggetto dinamico, flessibile, creato per essere personalizzato da chi lo sceglie: sedute, chaise longue, pouf e versioni recliner rifiniti su tutti i lati possono essere composti e scomposti all'infinito, mentre la vasta gamma di colori e forme permette di dare al modello il proprio stile e carattere. Il prodotto viene ideato, progettato e realizzato in azienda, ma trova la sua massima espressione quando entra nell'ambiente casa e si immerge in una dimensione fatta di design e di vita, nella quale ognuno è progettista del proprio spazio e della propria comfort experience.

The 'Modular Collection' sees Calia Italia inaugurate a new concept of interior design: 'Lo spazio diventa tuo' (becoming your space).

A sofa is a dynamic, flexible object and it is created to be customised by those who choose it. Seats, chaises-longues, footstools and recliner versions (finished on all sides) can be composed and disassembled endlessly, while a wide range of colours and shapes can allow you to give a model its own style and character. The product is conceived, designed and manufactured by the company but it finds its maximum expression when it enters the home environment and is plunged into a dimension of design and life. It is a dimension in which everyone is the designer of their own space and comfort experience.

LAZY

EXPERIENCE

Design: Studio Pastina

Lazy è il divano dalle linee morbide e accoglienti che si ispira all'oggetto comodo per eccellenza: il cuscino. La semplicità delle forme nasconde un design ricercato e una grande attenzione ai dettagli: il modello prevede una versione recliner con comando touch per sollevare la pediera aumentando la profondità della seduta. Un ampio pouf angolare consente di azionare simultaneamente i meccanismi di entrambe le poltrone adiacenti e può trasformarsi in una comoda seduta grazie alla spalliera mobile zavorrata posizionabile a piacimento. Con tutte le sue possibilità, la comfort experience di Lazy è un vero e proprio viaggio che può portare ovunque. Nel 2020 Lazy ha vinto il German Design Award nella categoria Excellent Product Design.

Design: Studio Pastina

Lazy is a sofa with soft and welcoming lines and it is inspired by the comfortable object par excellence: the cushion. The simplicity of the shapes hides a refined design and a great attention to detail. The model includes a touch control recliner version that can lift the footboard and increase the depth of the seat and there is also a large corner footstool that allows for simultaneous operation of the mechanisms of both adjacent armchairs. Indeed, it can be transformed into a comfortable seat thanks to the ballasted mobile backrest that can be positioned as desired. With all its possibilities, the comfort experience of Lazy is a real journey that can take you anywhere. In 2020 Lazy wins the German Design Award in the category of Excellent Product Design.
